Metonic Real Estate Solutions Announces Major Rebrand of Cedarwood Apartments in Omaha, Nebraska.

OMAHA, NE – Metonic Real Estate Solutions is proud to announce the major rebranding of Cedarwood Apartments in Omaha, Nebraska to "Onyx at Aksarben". Lead by Metonic's affiliate company, APOGEE Professional Services, this new marketing campaign is a core piece of the property's ongoing Low Income Housing Tax Credit (LIHTC) renovation, which began in July of 2019.

"The complete renovation of the one, two and three bedroom homes provides a modernized take on income-qualified housing," said Kassie Inness, President of APOGEE Professional Services. "The original building finishes were tired and in need of a contemporary face-lift. With our partners at Arch Icon, Apogee & Metonic were able to refresh the units and common areas, bringing them into the modern-age with transitional design."

The rebranding includes a top-to-bottom redesign of the property's name, website, logo, graphics, communications and correspondence all focused on enhancing the resident experience. The name "Onyx" was chosen due to the onyx stone's transformation and protective energies. The stone has been used throughout history to prevent negative energy; therefore, when developing the property's new identity, APOGEE felt that these meanings mirrored the overall goals of the renovation itself. Onyx at Aksarben's brand assets include a bold and simplified logo, along with a new website and other visual communications that utilize vivid imagery and bold colors that will be infused throughout the property's upgrades to create and maintain a seamless identity. All aspects of Onyx at Aksarben will now reflect the property's benefits, amenities and overall experience to both existing and future residents.

Onyx at Aksarben's brand new website can be found at www.onyxataksarben.com.
